## The Pattern Display @ Karoo Café shows key aspects of the Pattern.

The Pattern is a universal model, or mould, of everything that exists. Therefore, all that exists should match the Pattern.

The Pattern Display highlights some of the Pattern's structures and matches. Matches on display show the quantum nature of the atom (symmetric periodic table), the quantum nature of spacetime (spacetime cluster) and the quantum nature of gravity (quantum gravity module).

Duonity is the principle of the Pattern. Duonity is defined as the two-oneness of things. The complete duonity.com website had been printed and is on display at Karoo Café.

The Creation's Cube is the main focus of the exhibition. It is the big model in the centre of the display area. The four sides of the Cube depicts: The Pattern Model, The Pattern Theory, The Pattern Test and The Pattern Proof.

The Pattern Poster is a small replica of the Creation's Cube.

## Pattern Quotes

*"...we will grasp the central idea of it all as so simple, so beautiful, so compelling that we will all say each to the other, 'Oh, how could it have been otherwise! How could we all have been so blind for so long!"*

*J A Wheeler*

*"The Cluster is not in spacetime – spacetime is in the Cluster."*

*"Our world is, after all, digital - digital at such small scales that it appears to be analogue."*

*"We all agree your theory is crazy. What divides us is whether it is crazy enough to have a chance of being right."*

*Niels Bohr*
