

COME AND SEE A MOST AMAZING BOOK!

CREATION'S CUBE @ KAROO CAFE

A large model of the Cube is currently on display at Karoo Café.
Corner of Albeth Road and Lynnwood Road in the Willows, Pretoria East.

CREATION'S CUBE

What is the Creation's Cube?

The Cube is a model that shows the Pattern of Creation.

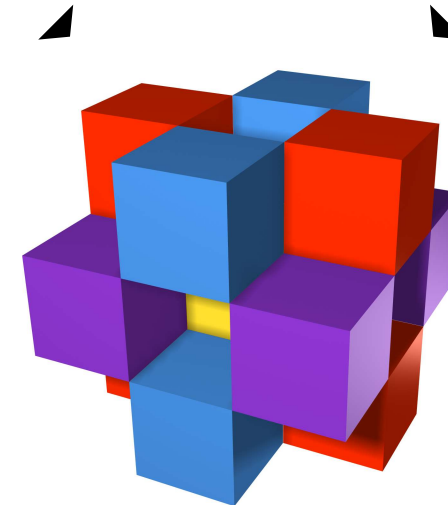

What is the Pattern of Creation?

The Pattern is the ordering of Creation; the manner in which it is formed.*

*Statement based on the outcome of this study.

CLUSTER OF SPHERES (inside)
The Pattern Generator

CLUSTER OF CUBES
The Generated Pattern

The Cube is a geometric book that shows the Pattern;
both the Pattern generator and its generated Pattern.

The Cube is key to understanding the Universe;
because Creation is all about pattern.

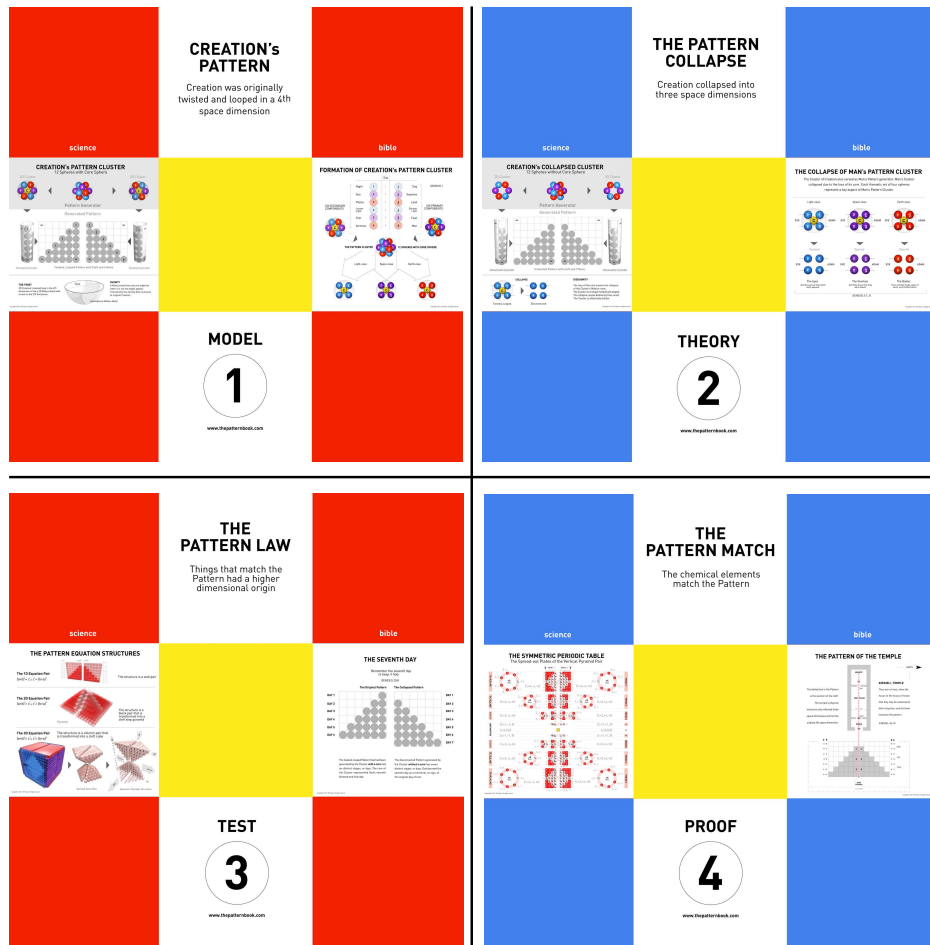

The Cube presents the Pattern from a scientific perspective
complemented by a biblical perspective.

THE CUBE CONTENT

The four faces of the Cube display eight pages of the Creation's Pattern book.

Chapter 1	Creation's Pattern	_____	A Science Page and a Bible Page
Chapter 2	The Pattern Collapse	_____	A Science Page and a Bible Page
Chapter 3	The Pattern Law	_____	A Science Page and a Bible Page
Chapter 4	The Pattern Match	_____	A Science Page and a Bible Page

Two Faiths; This Thing We Call Pattern; _____ Four pages that are not displayed
Another Way; Bush of Life.

THE CUBE DECODED

1. Creation's Pattern:

Creation was originally twisted and looped in a 4th space dimension.

2. The Pattern Collapse:

Creation collapsed into three space dimensions.

3. The Pattern Law:

Things that match the Pattern had a higher-dimensional origin.

4. The Pattern Match:

The chemical elements match the Pattern. The temple matches the Pattern.

SCIENCE

The Cube illustrates the Pattern generator by its rotating core (the Cluster) and the generated Pattern by the cover of twelve coloured cubes.

The Cube illustrates the duonity (two-oneness) of original creation by the oneness of its Pattern generator and its generated Pattern.

The Cube shows the first four chemical elements (H, He, Li and Be) of the Symmetric Periodic Table.

The Cube shows the first sixteen codons of the Geometric Genetic Code.

The Cube represents the start of the gravitational sequence (0, 1, 4, 9, 16, ...).

The core of the Cube represents the origin of a spacetime light-cone.

BIBLE

The Cluster in the Cube's core represents the twelve components of Creation as described in Genesis 1. Two components were created each day.

The Cluster (the Pattern generator) represents the origin of God's glory (Light).

The Cluster displays the colours (blue, purple, red) of the tabernacle of Moses.

The Cube represents the core (Holiest) of Ezekiel's temple.

The Cube's twelve cubes represent the twelve foundations of the New City.

The Cube's core cube represents the throne of God in the New City of Revelation.

We all agree your theory is crazy. What divides us is whether it is crazy enough to have a chance of being right.

Niels Bohr
